No. TCP/REM/313-102/2024 — 17th November, 2025.

ADDENDUM

SUBJECT:- ADDENDUM TO THE TENDER FOR CONSULTANCY / MANAGEMENT & SUPERVISORY SERVICES FOR RENTING OUT OF ROOF TOPS OF HOUSE TYPE GODOWN'S FOR PROJECT OF INSTALLATION OF SOLAR POWER PANEL AT TCP'S PIPRI GODOWN DATED 04-11-2025

Reference Tender No. TCP/REM/313-102/2024 dated 04-11-2025 hoisted at PPRA & TCP's websites as well as on EPADs portal on the subject cited above.

2. Following amendments in the scope of said Tender Documents is hereby notified and may be read as:

"***Preliminary Carbon Credit Potential Assessment and Report***

The Consultant shall conduct a comprehensive preliminary assessment to evaluate the carbon credit potential of the proposed rooftop solar panel installation project on TCP Godowns. This assessment shall involve assessing, calculating, and determining the estimated volume of potential carbon credits (e.g., VCUs, I-RECs, or equivalent). The Consultant's scope includes establishing a preliminary baseline scenario with estimated grid emissions, recommending the most appropriate and financially viable carbon credit methodology (e.g., VCS, Gold Standard), and confirming the project's likely eligibility. Based on this, the Consultant shall develop projections of annual emission reductions and estimate the total potential volume of carbon credit units over the crediting period. This analysis must be compiled into a single, detailed "Carbon Credit Potential Report." This report, which must be submitted prior to the preparation and submission of the final tender documents, shall detail all calculations, key assumptions, standards, and protocols used, and must also provide a high-level indicative roadmap for project registration (including estimated timelines and indicative costs) and a preliminary financial projection of potential revenues, sufficient to enable TCP to make an informed "go/no-go" decision on pursuing the carbon asset component".

3. The opening date of the said tender is re-scheduled and to be opened on **Friday the 5th December, 2025 at 1130 (hours).** All other terms and conditions of the tender documents will remain same.
